

Bethlehem Greeting Cards

Imagine the bewilderment of the three wise men if they tried to bring their gifts to Bethlehem today. Their path would be blocked by the wall and it's doubtful if they would be allowed through the checkpoints.

Inside the card, on the bottom left it says:

The image portrays the three wise men obstructed on their journey by the 'apartheid' wall being built by Israel on Palestinian land. This illegal structure acts as a prison wall, blocking the aspiration of all Palestinians to freedom and self-determination.

On the right, a simple greeting: **Peace for all and justice for Palestine.**

Cards are an environmentally friendly A6 size, printed on high quality card, and are envelopes included. Sending this card will let your friends know what's happening in Palestine, reminding them how Israel's apartheid wall is strangling Bethlehem.
